PERGAMON

Journal of School Psychology

The *Journal of School Psychology* publishes original articles on research and practice relevant to the development of school psychology as both a scientific and an applied specialty. The *Journal* also reviews tests, books, and other professional materials of interest to school psychologists.

Most manuscripts published by *JSP* are unsolicited. However, the *Journal* occasionally addresses a timely topic for which manuscripts are invited. *JSP* is particularly interested in assisting able school psychologists who have not published regularly.

Brief Reports and Commentaries of no more than two printed pages will be considered for publication. At the discretion of the editor, rebuttals to published commentaries may be invited. They must be willing to make an extended report of the manuscript available to readers upon request. Authors must agree not to publish a full-length report with another journal and these Brief Reports should be carefully designed and well-executed studies that, because they represent a replication or specialized topic, would not be accepted as a regular article.

All manuscripts are read by the editor and by one or more editorial consultants with the intent of providing appropriate and constructive written reviews.

Editorial Office: Manuscripts should be submitted to Joel Meyers, Department of Counseling and Psychological Services, College of Education, Georgia State University, University Plaza, Atlanta, GA 30303-3083, USA. Please refer to the Instructions for Contributors on the inside back cover.
